PROFESSIONAL SUMMARY

Data Analyst and Business Intelligence Analyst with 10+ years of experience in retail operations, supply chain analytics, and multi-branch inventory management. Build Power BI dashboards, SQL queries, and Advanced Excel models that convert complex datasets into decisions for senior leadership. Delivered 10+ interactive Power BI dashboards, cut reporting preparation time by 65% through automation, and reduced out-of-stock incidents by 15% via statistical demand forecasting.

PROFESSIONAL EXPERIENCE

Planning & Data Analyst | Raneen

Oct 2018 – Present | Cairo, Egypt

- Support planning and inventory operations across **55 retail branches** using SQL and advanced Excel for large-scale data analysis and distribution planning.
- Build **10+ interactive Power BI dashboards** with advanced DAX data modeling to track KPIs and support senior leadership decision-making.
- Automate data cleaning and transformation workflows, improving reporting efficiency by **65%**.
- Develop statistical demand-forecasting models that reduced out-of-stock scenarios by **15%**.
- Deliver daily KPI reporting on sales movement across **55 retail branches**, identifying fast-moving SKUs to guide replenishment and stock availability decisions for senior leadership.

Data Analyst & Inventory Coordinator | Retail & Logistics (Freelance)

Mar 2014 – Sep 2018 | Cairo, Egypt

- Performed data cleaning, inventory tracking, and ad-hoc analysis across **55 branches and 1 central warehouse**, covering a catalog of **10,000+ products**, to maintain database accuracy and support supply chain logistics.

EDUCATION

Bachelor's Degree (Diploma in Technology) | Industrial Technical Institute of El-Sahafa — 2009 | Cairo, Egypt

TECHNICAL SKILLS
